SUMMARY

Third-year IT Undergraduate at the University of Moratuwa (CGPA 3.58/4.0) with a strong foundation in computer science and full-stack software development. Skilled in modern web frameworks like Next.js and React, alongside serverless cloud architectures using AWS (Cognito, Lambda, AppSync, DynamoDB). Hands-on experience delivering enterprise-grade software solutions, and passionate about building scalable, secure applications while continuously expanding technical capabilities within the industry.

WORK EXPERIENCE

Instructor of Web Design and Development, Southern IRAA (Pvt) Ltd. 2024 - 2025

Taught web design and development fundamentals, guiding students through practical, hands-on coursework.

Course Consultant Officer, eclub Business College 2023 - 2024

Advised prospective students on course selection and supported enrollment and onboarding processes.

PROJECTS

Enterprise HR Management System (HRMS) – Enlear Oct 2025 – Aug 2026

- Developed a cloud-native, full-stack HR Management System supporting Admin, Manager, and Employee workflows with automated onboarding and serverless authentication.
- Implemented secure authentication flows using AWS Cognito, including registration, login, temporary password handling, and forgot/reset password mechanisms.
- Configured backend AWS Cognito Triggers to manage custom user lifecycles and automated temporary password handling.
- Built full-stack modules for employee management, profile management, and candidate onboarding using Next.js (App Router) and TypeScript.
- Developed backend REST/GraphQL APIs and integrated AWS SES/SQS email services to deliver automated onboarding links to new hires.
- **Tech Stack:** Next.js (App Router), TypeScript, AWS Cognito, AWS Lambda, AppSync, DynamoDB, SES/SQS, CSS Modules.

Dynamic Developer Portfolio & CMS [GitHub](#)

- Developed a full-stack, server-rendered web application using Next.js (App Router) and TypeScript for optimal SEO, type safety, and fast performance.
- Built a secure admin dashboard enabling dynamic content management, real-time CV/resume uploads, and interactive profile image cropping.
- Designed MongoDB/Mongoose schemas to manage dynamic portfolio projects, categorized skill sets, work timelines, and blog posts.
- Implemented automated email delivery and client inquiry logging via a custom Nodemailer SMTP API.
- Engineered responsive UI/UX featuring kinetic scrolling with Lenis, interactive canvas animations, and modular styling using CSS Modules.
- **Tech Stack:** Next.js (App Router), React 19, TypeScript, MongoDB, Mongoose, Node.js, Nodemailer, Lenis, CSS Modules.

Full-Stack E-Commerce Platform – Slice of Heaven

[GitHub](#)

- Built a full-stack e-commerce platform for a cake shop, featuring a customer-facing storefront and a secure admin panel to manage products, orders, and offers.
- Integrated Cloudinary for efficient image storage and delivery to support a scalable user experience.
- **Tech Stack:** MongoDB, Express.js, React.js, Node.js, Vite, React Router, CSS3.

Microcontroller-Based Application Development – Project LoRa 10

[GitHub](#)

- Developed an ESP32-based LoRa communication system with LoRa, GPS, and Compass modules and an OLED display, using FreeRTOS architecture for efficient task management and reliable long-range IoT data transmission.
- Assembled hardware components and integrated peripheral modules with the ESP32 under a FreeRTOS task-management design.

EDUCATION

2023 – Present	Bachelor of Science Honours in Information Technology, University of Moratuwa (CGPA: 3.58/4.0)
2022 / 2023	G.C.E. Advanced Level – ICT (A), Combined Mathematics (B), Physics (B) Maliyadeva College – Kurunegala
2019	G.C.E. Ordinary Level (9 A's)

CERTIFICATIONS

- Certificate Course in Web Development – Centre for Open & Distance Learning (CODL), University of Moratuwa
- Certificate Course in Computer Application Assistant – YES Computer Institute, Wariyapola
- Certificate Course in Web Design for Beginners – Sololearn

ACHIEVEMENTS & COMPETITIONS

- **Hackathon: MoraXtreme 10.0:** Participant – 2026

SKILLS

Programming	Python, JavaScript, TypeScript, Java, C, C++, PHP
Frontend Development	React JS, Next.js (App Router), TypeScript, CSS Modules
Backend Development	Node.js, AWS Lambda, GraphQL, REST APIs
Cloud & Serverless	AWS Cognito, AWS Amplify, DynamoDB, SES/SQS, AWS CDK, Amazon Bedrock
Databases	MySQL, MongoDB, Amazon DynamoDB
Testing & Tools	Vitest, Git, Postman/API Testing
Soft Skills	Leadership, Problem-Solving, Time Management, Presentation Skills, Critical Thinking
Languages	English, Sinhala

EXTRACURRICULAR ACTIVITIES

- Committee Member, IT Faculty Students' Union, University of Moratuwa (2025 – 2026)
- Member, IES Labs, Faculty of Information Technology, University of Moratuwa
